Federal Rule of Civil Procedure 45 (c), (d), (e), and (g) (Effective 12/1/13)

(c) Place of Compliance.

(1) For a Trial, Hearing, or Deposition. A subpoena may command a person to attend a trial, hearing, or deposition only as follows:

(A) within 100 miles of where the person resides, is employed, or regularly transacts business in person; or

(B) within the state where the person resides, is employed, or regularly transacts business in person, if the person

(i) is a party or a party's officer; or

(ii) is commanded to attend a trial and would not incur substantial expense.

(2) For Other Discovery. A subpoena may command:

(A) production of documents, electronically stored information, or tangible things at a place within 100 miles of where the person resides, is employed, or regularly transacts business in person; and

(B) inspection of premises at the premises to be inspected.

(d) Protecting a Person Subject to a Subpoena; Enforcement.

(1) Avoiding Undue Burden or Expense; Sanctions. A party or attorney responsible for issuing and serving a subpoena must take reasonable steps to avoid imposing undue burden or expense on a person subject to the subpoena. The court for the district where compliance is required must enforce this duty and impose an appropriate sanction—which may include lost earnings and reasonable attorney's fees—on a party or attorney who fails to comply.

(2) Command to Produce Materials or Permit Inspection.

(A) *Appearance Not Required.* A person commanded to produce documents, electronically stored information, or tangible things, or to permit the inspection of premises, need not appear in person at the place of production or inspection unless also commanded to appear for a deposition, hearing, or trial.

(B) *Objections.* A person commanded to produce documents or tangible things or to permit inspection may serve on the party or attorney designated in the subpoena a written objection to inspecting, copying, testing, or sampling any or all of the materials or to inspecting the premises—or to producing electronically stored information in the form or forms requested. The objection must be served before the earlier of the time specified for compliance or 14 days after the subpoena is served. If an objection is made, the following rules apply:

(i) At any time, on notice to the commanded person, the serving party may move the court for the district where compliance is required for an order compelling production or inspection.

(ii) These acts may be required only as directed in the order, and the order must protect a person who is neither a party nor a party's officer from significant expense resulting from compliance.

(3) Quashing or Modifying a Subpoena.

(A) *When Required.* On timely motion, the court for the district where compliance is required must quash or modify a subpoena that

(i) fails to allow a reasonable time to comply;

(ii) requires a person to comply beyond the geographical limits specified in Rule 45(c);

(iii) requires disclosure of privileged or other protected matter, if no exception or waiver applies; or

(iv) subjects a person to undue burden.

(B) *When Permitted.* To protect a person subject to or affected by a subpoena, the court for the district where compliance is required may, on motion, quash or modify the subpoena if it requires:

(i) disclosing a trade secret or other confidential research, development, or commercial information; or

(ii) disclosing an unretained expert's opinion or information that does not describe specific occurrences in dispute and results from the expert's study that was not requested by a party.

(C) *Specifying Conditions as an Alternative.* In the circumstances described in Rule 45(d)(3)(B), the court may, instead of quashing or modifying a subpoena, order appearance or production under specified conditions if the serving party:

(i) shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship; and

(ii) ensures that the subpoenaed person will be reasonably compensated.

(e) Duties in Responding to a Subpoena.

(1) Producing Documents or Electronically Stored Information. These procedures apply to producing documents or electronically stored information:

(A) *Documents.* A person responding to a subpoena to produce documents must produce them as they are kept in the ordinary course of business or must organize and label them to correspond to the categories in the demand.

(B) *Form for Producing Electronically Stored Information Not Specified.* If a subpoena does not specify a form for producing electronically stored information, the person responding must produce it in a form or forms in which it is ordinarily maintained or in a reasonably usable form or forms.

(C) *Electronically Stored Information Produced in Only One Form.* The person responding need not produce the same electronically stored information in more than one form.

(D) *Inaccessible Electronically Stored Information.* The person responding need not provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or for a protective order, the person responding must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 26(b)(2)(C). The court may specify conditions for the discovery.

(2) Claiming Privilege or Protection.

(A) *Information Withheld.* A person withholding subpoenaed information under a claim that it is privileged or subject to protection as trial-preparation material must:

(i) expressly make the claim; and

(ii) describe the nature of the withheld documents, communications, or tangible things in a manner that, without revealing information itself privileged or protected, will enable the parties to assess the claim.

(B) *Information Produced.* If information produced in response to a subpoena is subject to a claim of privilege or of protection as trial-preparation material, the person making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has; must not use or disclose the information until the claim is resolved; must take reasonable steps to retrieve the information if the party disclosed it before being notified; and may promptly present the information under seal to the court for the district where compliance is required for a determination of the claim. The person who produced the information must preserve the information until the claim is resolved.

(g) Contempt.

The court for the district where compliance is required—and also, after a motion is transferred, the issuing court—may hold in contempt a person who, having been served, fails without adequate excuse to obey the subpoena or an order related to it.

For access to subpoena materials, see Fed. R. Civ. P. 45(a) Committee Note (2013).

The latest addition to the TVpad product line has all of the great features users have come to expect from the leading manufacturer of set on top TV boxes including more Asian channels than similar streaming TV boxes, and plenty of educational programs for kids.

- Compare to the great TV Pad 3, here is the advantages: (1) Use the Quad Core Anlogic S805 micro-processor, it is 3 times faster than the processor in TV Pad 3. Resulting in more 1080P HD channels, more smooth video playback, faster operations, less buffering, and much less problem. (2) Supports 2K HD playback (if available in the future). (3) Factory tested to be 6 times more stable than TV Pad 3. (4) Cooperated with 10 content providers. They reportedly paid content providers \$50 for their broadcast rights for each TV Pad 4. That is the very first for a video streaming device. Therefore, they have to mark up the price. However, it is much more legal now and much more legal than many other video streaming devices including all the older TV Pads. (5) Virus Shield to protect from possible computer virus. The new TVPad 4 now supports more channels compared to other services and comes with advanced technology for stable and smooth streaming. The Stable Playback technology used in TVPad 4 provides uninterrupted streaming of original Chinese programs in High Definition (HD). It's perfect for people who have larger TVs (LEDs, LCDs, and Plasmas) as it would provide much better clarity through the HDMI connector.

★★★★☆ More Stable than TVpad3

By [Honda NSX](#) on May 28, 2015

Purchased this to replace my TVpad3. The TVpad3, which I purchased from their site, crashes and screen freeze all the time. It usually takes 50 minutes to watch a 30-minutes program; as I have to constantly power-down and power-up the TVpad. The customer service is useless; emailed them for a RMA, their awesome customer support team will ask you to reset the TVpad and re-install the

apps. It didn't work. Emailed them again for a RMA; never heard back from them.

Bought the TVpad4 from Amazon this time. It has been running well for the past two months. The software is very stable, the remote control is still weak, the start-up is faster than previous version. The picture quality is better. So far so good. But I am not happy that I have to spend a few hundred dollars to upgrade to 4.

★★★★★ Got it to watch TVB Programming, News and Cantonese Movies

By DeeCee on March 10, 2015

Verified Purchase

Get this if you are a TVB fan! This is my first TVpad and I got it because I miss all the programming from HK but didn't want to pay for separate satellite service as I have Verizon FiOS currently which only has a basic TVB channel.

This TVpad worked right out of the box. It's simply Plug and Play. Setup was easy and the menus were nice and speedy. But unlike one reviewer, I had no issues turning my box on and off with the remote. The only note I would make is that the 2 required AAA batteries for the remote was not included but it's no big deal since most companies give you cheap lead acid batteries that leak and don't last long anyway.

So far, picture quality has been good to very good. I've connect my TVpad via the Ethernet port since I heard that the WiFi antennas are not good at all. I've been able to stream Live TVB programming with practically no stuttering or buffering issues even during peak evening hours. So perhaps the new compression algorithm does work well. Now this is using Ethernet on Verizon FiOS. Picture quality is supposed to be 1080P according to my TV but quality is more like 720P. I don't expect perfection given that I'm not paying a month fee so what I'm getting is more than acceptable. As for the audio, it's pretty clear and crisp and close to broadcast quality BUT there is definitely a "lip sync" issue with the TVB drama episodes where the audio runs about half a second ahead of the video and it's noticeable when you see people speak. The Live Stream from TVB and full length movies seem OK. So it may be issues with certain servers that hopefully can be fixed since it's not adjustable on the TVpad like you can on many AV Receivers.

In terms of the apps, I have not downloaded too many. [Read more >](#)

★★★★☆ TV-Pad4 Glitches to be fixed immediately

By [J. T. Lau](#) on July 20, 2015

Verified Purchase

TV-Pad4 is a great idea and only if one of the key features which is to be able to watch Jade Channels news and other HD programs. The rest of the apps work but the Jade related affiliates always having buffering problem and have download streaming or de-compressing problem while the WiFi signal are at the peak and all other apps are downloading and played perfectly. I bought two and both have the same problems. If they don't correct this soon, I will have to return them both.

It runs too slow.

There are two sets in each PRC TV channel (don't ask me why). One set is for the people inside China and the other for the outside of China. Unfortunately, the PRC TV channels, TVpad gives, are for the people inside China.

Federal Rule of Civil Procedure 45 (c), (d), (e), and (g) (Effective 12/1/13)

(c) Place of Compliance.

(1) For a Trial, Hearing, or Deposition. A subpoena may command a person to attend a trial, hearing, or deposition only as follows:

(A) within 100 miles of where the person resides, is employed, or regularly transacts business in person; or

(B) within the state where the person resides, is employed, or regularly transacts business in person, if the person

(i) is a party or a party's officer; or

(ii) is commanded to attend a trial and would not incur substantial expense.

(2) For Other Discovery. A subpoena may command:

(A) production of documents, electronically stored information, or tangible things at a place within 100 miles of where the person resides, is employed, or regularly transacts business in person; and

(B) inspection of premises at the premises to be inspected.

(d) Protecting a Person Subject to a Subpoena; Enforcement.

(1) Avoiding Undue Burden or Expense; Sanctions. A party or attorney responsible for issuing and serving a subpoena must take reasonable steps to avoid imposing undue burden or expense on a person subject to the subpoena. The court for the district where compliance is required must enforce this duty and impose an appropriate sanction—which may include lost earnings and reasonable attorney's fees—on a party or attorney who fails to comply.

(2) Command to Produce Materials or Permit Inspection.

(A) *Appearance Not Required.* A person commanded to produce documents, electronically stored information, or tangible things, or to permit the inspection of premises, need not appear in person at the place of production or inspection unless also commanded to appear for a deposition, hearing, or trial.

(B) *Objections.* A person commanded to produce documents or tangible things or to permit inspection may serve on the party or attorney designated in the subpoena a written objection to inspecting, copying, testing, or sampling any or all of the materials or to inspecting the premises—or to producing electronically stored information in the form or forms requested. The objection must be served before the earlier of the time specified for compliance or 14 days after the subpoena is served. If an objection is made, the following rules apply:

(i) At any time, on notice to the commanded person, the serving party may move the court for the district where compliance is required for an order compelling production or inspection.

(ii) These acts may be required only as directed in the order, and the order must protect a person who is neither a party nor a party's officer from significant expense resulting from compliance.

(3) Quashing or Modifying a Subpoena.

(A) *When Required.* On timely motion, the court for the district where compliance is required must quash or modify a subpoena that

(i) fails to allow a reasonable time to comply;

(ii) requires a person to comply beyond the geographical limits specified in Rule 45(c);

(iii) requires disclosure of privileged or other protected matter, if no exception or waiver applies; or

(iv) subjects a person to undue burden.

(B) *When Permitted.* To protect a person subject to or affected by a subpoena, the court for the district where compliance is required may, on motion, quash or modify the subpoena if it requires:

(i) disclosing a trade secret or other confidential research, development, or commercial information; or

(ii) disclosing an unretained expert's opinion or information that does not describe specific occurrences in dispute and results from the expert's study that was not requested by a party.

(C) *Specifying Conditions as an Alternative.* In the circumstances described in Rule 45(d)(3)(B), the court may, instead of quashing or modifying a subpoena, order appearance or production under specified conditions if the serving party:

(i) shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship; and

(ii) ensures that the subpoenaed person will be reasonably compensated.

(e) Duties in Responding to a Subpoena.

(1) Producing Documents or Electronically Stored Information. These procedures apply to producing documents or electronically stored information:

(A) *Documents.* A person responding to a subpoena to produce documents must produce them as they are kept in the ordinary course of business or must organize and label them to correspond to the categories in the demand.

(B) *Form for Producing Electronically Stored Information Not Specified.* If a subpoena does not specify a form for producing electronically stored information, the person responding must produce it in a form or forms in which it is ordinarily maintained or in a reasonably usable form or forms.

(C) *Electronically Stored Information Produced in Only One Form.* The person responding need not produce the same electronically stored information in more than one form.

(D) *Inaccessible Electronically Stored Information.* The person responding need not provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or for a protective order, the person responding must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 26(b)(2)(C). The court may specify conditions for the discovery.

(2) Claiming Privilege or Protection.

(A) *Information Withheld.* A person withholding subpoenaed information under a claim that it is privileged or subject to protection as trial-preparation material must:

(i) expressly make the claim; and

(ii) describe the nature of the withheld documents, communications, or tangible things in a manner that, without revealing information itself privileged or protected, will enable the parties to assess the claim.

(B) *Information Produced.* If information produced in response to a subpoena is subject to a claim of privilege or of protection as trial-preparation material, the person making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has; must not use or disclose the information until the claim is resolved; must take reasonable steps to retrieve the information if the party disclosed it before being notified; and may promptly present the information under seal to the court for the district where compliance is required for a determination of the claim. The person who produced the information must preserve the information until the claim is resolved.

(g) Contempt.

The court for the district where compliance is required—and also, after a motion is transferred, the issuing court—may hold in contempt a person who, having been served, fails without adequate excuse to obey the subpoena or an order related to it.

For access to subpoena materials, see Fed. R. Civ. P. 45(a) Committee Note (2013).

(1) *For a Trial, Hearing, or Deposition.* A subpoena may command a person to attend a trial, hearing, or deposition only as follows:

- (A) within 100 miles of where the person resides, is employed, or regularly transacts business in person; or
- (B) within the state where the person resides, is employed, or regularly transacts business in person, if the person
 - (i) is a party or a party's officer; or
 - (ii) is commanded to attend a trial and would not incur substantial expense.

(2) *For Other Discovery.* A subpoena may command:

- (A) production of documents, electronically stored information, or tangible things at a place within 100 miles of where the person resides, is employed, or regularly transacts business in person; and
- (B) inspection of premises at the premises to be inspected.

(d) Protecting a Person Subject to a Subpoena; Enforcement.

(1) *Avoiding Undue Burden or Expense; Sanctions.* A party or attorney responsible for issuing and serving a subpoena must take reasonable steps to avoid imposing undue burden or expense on a person subject to the subpoena. The court for the district where compliance is required must enforce this duty and impose an appropriate sanction—which may include lost earnings and reasonable attorney's fees—on a party or attorney who fails to comply.

(2) *Command to Produce Materials or Permit Inspection.*

(A) *Appearance Not Required.* A person commanded to produce documents, electronically stored information, or tangible things, or to permit the inspection of premises, need not appear in person at the place of production or inspection unless also commanded to appear for a deposition, hearing, or trial.

(B) *Objections.* A person commanded to produce documents or tangible things or to permit inspection may serve on the party or attorney designated in the subpoena a written objection to inspecting, copying, testing, or sampling any or all of the materials or to inspecting the premises—or to producing electronically stored information in the form or forms requested. The objection must be served before the earlier of the time specified for compliance or 14 days after the subpoena is served. If an objection is made, the following rules apply:

- (i) At any time, on notice to the commanded person, the serving party may move the court for the district where compliance is required for an order compelling production or inspection.
- (ii) These acts may be required only as directed in the order, and the order must protect a person who is neither a party nor a party's officer from significant expense resulting from compliance.

(3) *Quashing or Modifying a Subpoena.*

(A) *When Required.* On timely motion, the court for the district where compliance is required must quash or modify a subpoena that

- (i) fails to allow a reasonable time to comply;
- (ii) requires a person to comply beyond the geographical limits specified in Rule 45(c);
- (iii) requires disclosure of privileged or other protected matter, if no exception or waiver applies; or
- (iv) subjects a person to undue burden.

(B) *When Permitted.* To protect a person subject to or affected by a subpoena, the court for the district where compliance is required may, on motion, quash or modify the subpoena if it requires:

(i) disclosing a trade secret or other confidential research, development, or commercial information; or

(ii) disclosing an unretained expert's opinion or information that does not describe specific occurrences in dispute and results from the expert's study that was not requested by a party.

(C) *Specifying Conditions as an Alternative.* In the circumstances described in Rule 45(d)(3)(B), the court may, instead of quashing or modifying a subpoena, order appearance or production under specified conditions if the serving party:

- (i) shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship; and
- (ii) ensures that the subpoenaed person will be reasonably compensated.

(e) Duties in Responding to a Subpoena.

(1) *Producing Documents or Electronically Stored Information.* These procedures apply to producing documents or electronically stored information:

(A) *Documents.* A person responding to a subpoena to produce documents must produce them as they are kept in the ordinary course of business or must organize and label them to correspond to the categories in the demand.

(B) *Form for Producing Electronically Stored Information Not Specified.* If a subpoena does not specify a form for producing electronically stored information, the person responding must produce it in a form or forms in which it is ordinarily maintained or in a reasonably usable form or forms.

(C) *Electronically Stored Information Produced in Only One Form.* The person responding need not produce the same electronically stored information in more than one form.

(D) *Inaccessible Electronically Stored Information.* The person responding need not provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or for a protective order, the person responding must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 26(b)(2)(C). The court may specify conditions for the discovery.

(2) *Claiming Privilege or Protection.*

(A) *Information Withheld.* A person withholding subpoenaed information under a claim that it is privileged or subject to protection as trial-preparation material must:

- (i) expressly make the claim; and
- (ii) describe the nature of the withheld documents, communications, or tangible things in a manner that, without revealing information itself privileged or protected, will enable the parties to assess the claim.

(B) *Information Produced.* If information produced in response to a subpoena is subject to a claim of privilege or of protection as trial-preparation material, the person making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has; must not use or disclose the information until the claim is resolved; must take reasonable steps to retrieve the information if the party disclosed it before being notified; and may promptly present the information under seal to the court for the district where compliance is required for a determination of the claim. The person who produced the information must preserve the information until the claim is resolved.

(g) *Contempt.*

The court for the district where compliance is required—and also, after a motion is transferred, the issuing court—may hold in contempt a person who, having been served, fails without adequate excuse to obey the subpoena or an order related to it.

Proceedings: (IN CHAMBERS) Order Re: Plaintiffs' Motion for Default Judgment and Permanent Injunction Against Defendant Create New Technology (HK) Co. Ltd. (DE 238)

I. INTRODUCTION

On June 2, 2014, Munhwa Broadcasting Corp., MBC America Holdings Inc., Seoul Broadcasting System International Inc., and KBS America Inc. ("Plaintiffs") filed suit against eight separate defendants—among them Create New Technology (HK) Co. Ltd. ("Defendant")—alleging copyright infringement and unfair competition claims. On June 30, 2014 Plaintiffs filed a First Amended Complaint, which added a claim for violation of the Digital Millennium Copyright Act ("DMCA"). On November 28, 2014, Plaintiffs filed a Second Amended Complaint ("SAC"), which added trademark infringement and unfair competition claims. All told, the SAC asserts the following claims: (1) Public Performance Copyright Infringement, (2) Reproduction and Distribution Copyright Infringement, (3) DMCA Violations, (4) Lanham Act Violation, (5) Federal Unfair Competition, (6) Common Law Trademark Infringement, (7) Statutory Unfair Competition, (8) Common Law Unfair Competition.

Defendant filed its Answer to Plaintiffs' SAC on February 10, 2015. On April 20, 2015, Plaintiffs filed a Motion for Summary Judgment. Defendant failed to file an opposition or respond in any way to Plaintiffs' Motion for Summary Judgment. This Court struck Defendant's Answer on April 30, 2015 because Defendant failed to comply with its discovery obligations and retain new counsel after its previous attorney withdrew. On May 5, 2015, the Clerk of Court entered default against Defendant.

Presently before the Court is Plaintiffs' Motion for Default Judgment against Defendant. For the following reasons, the Court **GRANTS** Plaintiffs' Motion.

II. FACTUAL BACKGROUND

Plaintiffs and/or their respective parent companies are the three largest national television networks in South Korea, and are the producers, distributors, and/or exclusive licensees of a large number of audiovisual works, or “programs.” Customers in the United States can access Plaintiffs’ programs through Plaintiffs’ respective websites by paying a subscription fee. In the U.S., Plaintiffs also enter into retransmission consent agreements with various cable television systems, satellite television services, and other multi-channel distributors, which then make the programs available to their subscribers. Plaintiffs’ works are registered with the United States Copyright Office, and Plaintiffs own or hold exclusive licenses for the copyrights covering those works.

Defendant operates a closed, centrally managed global “P4P” digital broadcast transmission service, which is a variant of “P2P,” or “peer to peer,” services. This service retransmits or otherwise communicates the entirety of Plaintiffs’ copyrighted daily broadcasts and programs on demand to the U.S. public without any copyright licenses, using a device Defendant manufactures called the TVpad.¹ The TVpad connects to a television via an HDMI or analog/video cable, and can be connected to the Internet through either a wireless or Ethernet cable. The TVpad operates various applications (commonly known as “apps”), which Plaintiffs refer to as “unlicensed retransmission request software,” and which allow users to access and stream a host of audiovisual works, including Plaintiffs’ works, for free. Additionally, the TVPad and its applications are designed to bypass “geo-blocking” algorithms which many broadcasters apply to deter the viewing of their content outside of their country’s border. Critically, in addition to receiving transmitted content, the TVpads also *re-transmit* that content to other TVpads on the network operated by Defendant.

III. JUDICIAL STANDARD

Federal Rule of Civil Procedure 55(b) (“Rule 55”) allows entry of default when a party has failed to plead or otherwise defend a case. Rule 55(b) requires that an applicant apply for default judgment in all cases where the requirements for clerk-entered judgment cannot be met. An applicant must apply for a court-ordered default judgment where (1) the claim is for an amount that is not certain or capable of being made certain by computation; (2) the defendant, although in default, has appeared in the action; (3) the defendant is a minor or incompetent; or (4) the defendant is in military service or is the United States. Fed. R. Civ. P. 55(b)(2).

Pursuant to Local Rule of the Central District of California (“Local Rule”) 55-1, the application for a default judgment shall include a declaration with the following: (1) when and against what party

¹There are four versions of the TVPad, to which Plaintiffs refer as “TVpad,” “TVpad2,” “TVpad3,” and “TVpad4.” This Order uses “TVpad” to refer to all versions of the device.

the default was entered; (2) the identification of the pleading to which the default was entered; (3) whether the defaulting party is an infant or incompetent person, and if so, whether that person is represented by a general guardian, committee, conservator, or other representation; (4) that the Servicemembers Civil Relief Act does not apply; and (5) that notice has been served on the defaulting party, if required by Rule 55(b)(2).

In the Ninth Circuit, a district court must examine the following factors on a motion for default judgment: (1) the merits of plaintiff's substantive claim; (2) the sufficiency of the complaint; (3) the possibility of prejudice to the plaintiff; (4) the sum of money at stake in the action; (5) the possibility of a dispute concerning material facts; (6) whether the default was due to excusable neglect; and (7) the strong policy favoring decisions on the merits. *Eitel v. McCool*, 782 F.2d 1470, 1471-72 (9th Cir. 1986).

IV. DISCUSSION

Plaintiffs contend that the Court should grant their Motion for Default Judgment. For the following reasons, the Court agrees.

A. Default Judgment is Warranted Under F.R.C.P. 55

Plaintiff has satisfied the statutory requirements for a default judgment. Defendant has been served with summons and complaint. On March 5, 2015, the Clerk of Court entered default against Defendant. Finally, Defendant is not a minor, an incompetent person, or exempt under the Servicemembers Civil Relief Act. On July 28, 2015, Plaintiffs served a notice of default judgment on Defendant.

B. Default Judgment Is Warranted Under the *Eitel* Factors

In the Ninth Circuit, district courts consider several factors, recited above as the *Eitel* factors, in determining whether an entry of default judgment is proper. After analyzing Plaintiffs' Motion in light of the *Eitel* factors, this Court finds that the factors weigh in favor of default judgment for Plaintiffs.

1. Substantive Merits and Sufficiency of the Complaint

The first two *Eitel* factors are (1) the merits of Plaintiffs' substantive claim, and (2) the sufficiency of the complaint. *Eitel*, 782 F.2d at 1471-72. These two factors, taken together, require that a plaintiff "state a claim on which the plaintiff may recover." *Pepsico, Inc. v. Cal. Sec. Cans*, 238 F. Supp. 2d 1172, 1175 (C.D. Cal. 2002). For the purpose of default, all well-pleaded allegations in the complaint relating to liability are assumed to be true. *TeleVideo Sys., Inc. v. Heidenthal*, 826 F.2d 915, 917-18 (9th Cir. 1987). In addition, the defendant's liability is conclusively established and all factual allegations of the complaint, except those relating to damages, are assumed to be true. *Geddes United Fin. Group*, F.2d 557, 560 (9th Cir. 1977).

|----------|--|------|-------------------|
| Case No. | CV 14-04213-RGK (RZx) | Date | September 2, 2015 |
| Title | <i>Munhwa Broadcasting Corp. et al. v. Create New Technology Co. Ltd. et al.</i> | | |

Plaintiffs assert the following claims in the SAC: (1) Public Performance Copyright Infringement, (2) Reproduction and Distribution Copyright Infringement, (3) DMCA Violations, (4) Trademark Infringement, (5) Federal Unfair Competition, (6) Common Law Trademark Infringement, (7) Statutory Unfair Competition, (8) Common Law Unfair Competition.

To prevail on their copyright infringement claim, Plaintiffs must prove (1) ownership of a valid copyright, and (2) that Defendants violated the copyright owner's exclusive rights under the Copyright. 17 U.S.C. § 501(a). Plaintiffs allege in their SAC that they and their licensees own valid copyrights in the Korean programs at issue. (SAC ¶ 5.) Moreover, Plaintiffs allege vicarious infringement because Defendant induced others to infringe Plaintiffs' copyrights by providing and promoting the TVPads, which allowed the users to publicly perform and distribute Plaintiffs' works without authorization. (SAC ¶¶ 56-67, 107-111.) These facts satisfy the elements needed to prove copyright infringement.

To prevail on their DMCA violation claim, Plaintiffs must prove that Defendant has "manufactured, imported, offered to the public, provided, or otherwise trafficked in any technology, product, service, or component that is primarily designed or produced for the purpose of circumventing a technological measure that effectively controls access to a work protected by copyright or the rights of a copyright owner, that has only limited commercially significant purpose or use other than to circumvent such technological measures, or that is marketed for use in circumventing such technological measures." 17 U.S.C. § 1201. Plaintiffs allege that Defendants have manufactured and sold for commercial gain the TVPad—a device designed to circumvent safeguards intended to control access to copyrighted works. (SAC ¶ 56-67, 121.)

To prevail on their federal trademark infringement claim, Plaintiffs must prove that, without their consent, Defendant used in commerce a reproduction or copy of a registered trademark in connection with the sale or advertising of any goods or services, and that such use is likely to cause confusion, mistake, or deceive customers. 15 U.S.C. § 1114(a) (1997). Plaintiffs own several registered trademarks (USPTO Registration Numbers 4259591, 4599526, and 4378636), which they include on the screen periodically during their programming. (SAC ¶¶ 82-87.) Moreover, Plaintiffs allege that Defendant uses their trademarks in advertising and offering TVpads for sale; because Defendant appropriates the identical trademarks, the likelihood of consumer confusion is very high. (SAC ¶ 65-67 127.) These facts satisfy the elements needed to prove trademark infringement.

To prevail on their federal unfair competition claim, Plaintiffs must prove that Defendant used in commerce any word, term, name, symbol, or device, or any combination thereof, or any false designation of origin, false or misleading description of fact, or false or misleading representation of fact, which is likely to cause confusion, or to cause mistake, or to deceive as to the affiliation, connection, or association of Defendant with Plaintiffs, or as to the origin, sponsorship, or approval of his goods by Plaintiffs. 15 U.S.C. § 1125(a)(1)(A) (1997). A federal unfair competition claim contains elements that are identical to those of a federal trademark infringement claim. Both claims require an unauthorized use in commerce of a plaintiff's mark or symbol that is likely to cause consumer

confusion. Because Plaintiffs have sufficiently pled both an unauthorized use of their marks in commerce and likely consumer confusion, this Court finds that Plaintiffs have stated a claim for federal unfair competition.

To prevail on their common law trademark infringement claim, Plaintiffs must satisfy the same standard governing federal trademark infringement under the Lanham Act. *See Credit One Corp. v. Credit One Fin., Inc.*, 661 F. Supp. 2d 1134, 1137 (C.D. Cal. 2009). Because Plaintiffs have sufficiently pled federal trademark infringement, this Court finds that Plaintiffs have also stated a claim for common law trademark infringement.

To prevail on their statutory unfair competition claim, Plaintiffs must prove that Defendants engaged in “any unlawful, unfair, or fraudulent business act or practice and unfair, deceptive, untrue or misleading advertising.” Cal. Bus. & Prof. Code § 17200. A violation of another substantive law can serve as a predicate unlawful business activity under California’s Unfair Competition Law. *See Celebrity Chef’s Tour, LLC v. Macy’s, Inc.*, 16 F. Supp. 3d 1159, 1169 (S.D. Cal. 2014). Because Plaintiffs have sufficiently pled both trademark and copyright infringement, such violations constitute the predicate unlawful business activities necessary to support a finding of statutory unfair competition.

To prevail on their common law unfair competition claim, Plaintiffs must satisfy the same standard governing federal unfair competition under the Lanham Act. *See Id.* Because Plaintiffs have sufficiently pled federal unfair competition, this Court finds that Plaintiffs have also stated a claim for common law unfair competition.

Overall, the Court finds that Plaintiffs have sufficiently pled each claim, and, therefore, they have satisfied the first two *Eitel* factors.

2. Possibility of Prejudice

The third *Eitel* factor considers whether the plaintiff will suffer prejudice if default judgment is not entered. Potential prejudice to Plaintiffs favors granting a default judgment. If Plaintiffs’ motion for default judgment is not granted, Plaintiffs will likely be without other recourse for recovery.

3. Amount at Stake

Under the fourth *Eitel* factor, the court must consider the amount of money at stake in relation to the seriousness of Defendants’ conduct. In the instant case, Plaintiffs are seeking \$358,741,454, which is clearly a substantial sum; however, Plaintiffs’ expert concludes that Defendant’s worldwide revenue over the last three-and-a-half years amount to \$998,586,595. Thus, while both figures are astoundingly high, the amount of money at stake is proportional to the seriousness Defendant’s conduct.. Accordingly, this factor favors granting default judgment.

4. Possibility of Dispute

The fifth *Eitel* factor considers the possibility of dispute as to any material facts in the case. Upon entry of default, all well-pleaded facts in the complaint are taken as true, except those relating to damages. Accordingly, no genuine dispute of material facts would preclude granting Plaintiffs' motion.

5. Possibility of Excusable Neglect

The sixth *Eitel* factor considers the possibility that the default resulted from excusable neglect. The Court finds that the possibility of excusable neglect is remote. Defendant was properly served with summons and complaint. Defendant was involved early in this case and filed an answer to Plaintiffs' SAC. Subsequently, however, Defendant failed to file an opposition or respond in any way to Plaintiffs' Motion for Summary Judgment. This Court struck Defendant's Answer on April 30, 2015 because Defendant failed to comply with its discovery obligations and retain new counsel after its previous attorney withdrew. On May 5, 2015, the Clerk of Court entered default against Defendant. On July 28, 2015, Plaintiffs served a notice of default judgment on Defendant. Given Defendant's early participation in the matter, and the ample notice it received at various stages of the litigation, the possibility of excusable neglect is slight.

6. Policy for Deciding Cases on the Merits

"Cases should be decided upon their merits whenever reasonably possible." *Eitel*, 782 F.2d at 1472. However, the mere existence of Fed.R.Civ.P. 55(b) indicates that "this preference, standing alone, is not dispositive." *PepsiCo*, 238 F. Supp. 2d at 1177. Moreover, a decision on the merits is impractical, if not impossible, given Defendant's non-responsive conduct after this Court ordered it to retain new counsel and proceed with its defense. "Rule 55(a) allows a court to decide a case before the merits are heard if the defendant fails to appear and defend." *Landstar Ranger Inc., v. Parth Enter., Inc.*, 725 F. Supp. 2d 916, 922 (C.D. Cal. 2010). Accordingly, the court is not precluded from entering default judgment against Defendant.

C. Statutory Damages

1. DMCA Statutory Damages

In lieu of actual damages and profits, a prevailing plaintiff under the DMCA "may elect to recover an award of statutory damages for each violation . . . in the sum of not less than \$200 [n]or more than \$2,500 per act of circumvention, device, product, component, offer, or performance of service, as the court considers just." 17 U.S.C. § 1203(c)(3)(A). In calculating the award of statutory damages, courts multiply the rate specified in the DMCA by the number of infringing devices. *See, e.g., Sony Comput. Entm't Am. v. Filipak*, 406 F. Supp. 2d 1068, 1074 (N.D. Cal. 2005) ("The Court concludes that [the DMCA] authorizes a separate award of statutory damages for each device sold."). Ultimately,

district courts have “wide discretion in determining the amount of statutory damages to be awarded, constrained only by the specified maxima and minima.” *Peer Int’l. Corp. v. Pausa Records, Inc.*, 909 F.2d 1332, 1336 (9th Cir. 1990).

Plaintiffs seek an award of \$16,243,400 per Plaintiff for DMCA violations. (Blum Decl. ¶ 7.) Plaintiffs arrive at this figure by multiplying the statutory minimum (\$200) by the number of devices (81,217). To determine the number of devices, Plaintiffs’ expert set up his own TVPad and conducted a network test over 41 days in which he tracked the total number of unique IP addresses that communicated with his TVPad to either transmit or receive Plaintiffs’ channels. (Crocker Decl. ¶ 7-8.) Each unique IP address represents a distinct TVPad device. *Id.* The total damages as calculated by Plaintiffs’ expert are \$16,243,400. (Blum Decl. ¶ 7.)

Plaintiffs seek an exceedingly high award, and this Court does not take its discretionary role in granting statutory damages lightly. Despite its wide discretion, however, this Court is limited to a certain range prescribed by the DMCA and may not grant an award below the statutory minimum of \$200 per violation. *Peer Int’l.*, 909 F.2d at 1336; *Nexon Am. Inc. v. Kumar*, No. 2:11-cv-06991-ODW(PJWx), 2011 WL 1116328, at *7 (C.D. Cal. Apr. 3, 2011) (“[T]he Court is powerless the deviate from the DMCA’s statutory minimum.”). In fact, under the same provision of the DMCA, other district courts have been compelled to award statutory damages in the high millions. *Sony Comput. Entm’t Am.*, 406 F. Supp. 2d at 1075 (awarding \$6,018,700); *EchoStar Satellite LLC v. ViewTech, Inc.*, No. 07cv1273 BEN (WVG), 2011 WL 1522409, at *4 (S.D. Cal. Apr. 20, 2011) (awarding \$ 214,898,600); *Blizzard Entm’t Inc., v. Reeves*, No. cv-09-7621 SVW(AJWx), 2010 WL 4054095, at *4 (C.D. Cal. Aug. 10, 2010) (awarding \$85,478,600).

Accordingly, the Court grants an award of \$16,243,400 per Plaintiff for DMCA violations.

2. Trademark Damages

Under the Lanham Act, a plaintiff can be awarded actual trademark damages in the form of disgorged profits and lost licensing revenues. 15 U.S.C. § 1117(a). Additionally, a plaintiff is entitled to recover the cost of corrective advertising undertaken to restore the value of a trademark that has been diminished by a defendant’s infringement. *Adray v. Adry-Mart, Inc.*, 76 F.3d 984, 988 (1995). Treble damages (three times the profits) are also available in cases where the defendant “intentionally us[es] a mark or designation, knowing such mark or designation is a counterfeit mark.” 15 U.S.C. 1117(b). The Lanham Act also provides, “If the court shall find that the amount of the recovery based on profits is either inadequate or excessive the court may in its discretion enter judgment for such sum as the court shall find to be just, according to the circumstances of the case.” 15 U.S.C. § 1117(a).

Plaintiffs first seek disgorgement of profits in the amount of \$9,449,482. To determine the measure of Defendant’s profits for purposes of disgorgement, Plaintiffs’ expert calculated a profit of \$67.87 per TVPad sold. (Blum Expert Report (DE 201) ¶¶ 91-94.) The calculation further assumes

81,217 TVPad units sold based on the number of unique IP addresses identified by the expert's networking report. (Crocker Decl. ¶¶ 7-8; Blum Decl. ¶ 9.) Multiplying the 81,217 TVPad units by the \$67.87 profit figure yields a total of \$5,512,198 in profits to be disgorged. Because only 12 out of 21 channels on the TVPad feature Plaintiffs' content, the expert report apportions the \$5,512,198 figure accordingly for a total of \$3,149,827. Finally, Plaintiffs' expert tripled the total amount to factor in treble damages, producing a final total of \$9,449,482.

Next, Plaintiffs also seek lost licensing revenue in the amount of \$5,391,772. To arrive at this figure, Plaintiffs' expert calculated each Plaintiff's subscription revenue per month in the United States over the course of the infringement period. (Blum Expert Report (DE 201) ¶¶ 106-110.) Plaintiffs also submitted an expert report identifying the number of TVPad users in the United States as 19,677 over a 41-day period. (Crocker Decl. ¶ 7-8.). Plaintiffs' expert multiplied each Plaintiff's subscription revenue by the 19,677 TVPad owners who would otherwise have had to pay a subscription fee; he then tripled that total to factor in treble damages, yielding a figure of \$5,391,772.

Finally, Plaintiffs seek \$270,000 in corrective advertising damages for expenses incurred. To calculate the amount, Plaintiffs' expert utilized two sound methodologies to determine how much the infringing defendants had expended on advertising. (Blum Expert Report (DE 201) ¶¶ 117-18.) The expert report then used the defendants' advertising expenditures as a benchmark for the amount Plaintiffs would have to spend on corrective advertising. Plaintiffs' expert recommended a total of \$30,000 and stated that it would be equally reasonable to split the \$30,000 evenly among the three Plaintiffs or award each Plaintiff \$30,000. (Blum Expert Report (DE 201) ¶ 128.) Plaintiffs seek \$90,000 (\$30,000 each) along with treble damages for a total of \$270,000 in corrective advertising costs. (Blum Decl. ¶ 9.)

All told, Plaintiffs seek \$15,111,254 in actual damages under the Lanham Act. The Court agrees that Plaintiffs are entitled to disgorgement of profits, lost licensing revenue, and corrective advertising expenses. The Ninth Circuit has stressed that "the trial court's primary function should center on making any violations of the Lanham Act unprofitable to the infringing party." *Playboy Enters., Inc. v. Baccarat Clothing Co., Inc.*, 692 F.2d 1272, 1274 (9th Cir. 1982). According to Plaintiffs' expert, Defendant's revenue in a 41-day period totaled \$5,512,198. Moreover, Plaintiffs' expert extrapolates—based on solid data and sound accounting methodology—that Defendant's total U.S. revenues over the damages period (from January 19, 2012 until July 17, 2015) were approximately \$217,084,249, and Defendant's worldwide revenues in the same period were approximately \$998,586,595. (Blum Decl. ¶¶ 12-15, Ex. E.) While it is unclear how much of the \$998,586,595 revenue constitutes profit for the Defendant, the Court is convinced that allowing treble damages here would accomplish the Lanham Act's deterrent objective.

Thus, the Court grants an award of \$15,111,254 in actual damages under the Lanham Act.

2. Copyright Statutory Damages

UNITED STATES DISTRICT COURT

| Case No. | CV 14-04213-RGK (RZx) | Date | September 2, 2015 |
| Title | <i>Munhwa Broadcasting Corp. et al. v. Create New Technology Co. Ltd. et al.</i> | | |

Section 504(a) of the Copyright Act provides that “an infringer of copyright is liable for either (1) the copyright owner’s actual damages and any additional profits of the infringer . . . or (2) statutory damages, as provided by subsection (c).” 17 U.S.C. § 504(a). Subsection (c) states that the copyright owner may elect to recover, instead of actual damages and profits, an award of statutory damages of \$750 to \$30,000 per each work infringed. 17 U.S.C. § 504(c). Where the court finds that the infringement was committed willfully, the court has discretion to increase the award of statutory damages to a sum of not more than \$150,000. 17 U.S.C. § 504(c)(2).

Here, Plaintiffs seek \$294,900,000 in statutory damages rather than actual damages. Plaintiffs request the maximum award of \$150,000 per infringement for Defendant’s willful infringement. The SAC alleges that Defendant acted willfully and intentionally in violation of Plaintiffs’ copyrights when it continued to manufacture and promote its TVPad product with full knowledge that the content streaming on the TVPad consisted of Plaintiffs’ copyrighted works. (SAC ¶ 81.) Plaintiffs’ expert multiplied the maximum statutory rate allowed (\$150,000) by the total number of works that Defendant infringed (1,966) to arrive at a total of \$294,900,000. (Blum Decl., ¶ 5.)

Even though Plaintiffs have alleged and demonstrated willful infringement, the Court is not convinced that the maximum statutory award of \$150,000 per infringing work is merited. “While a plaintiff in a trademark or copyright infringement suit is entitled to damages that will serve as a deterrent, it is not entitled to a windfall.” *Yelp Inc. v. Catron*, 70 F. Supp. 3d 1082, 1103 (N.D. Cal. 2014). Here, Plaintiffs have only demonstrated a loss of \$1,797,257 in forgone licensing revenue. (Crocker Decl. ¶ 7-8.) Moreover, although Plaintiffs claim that Defendant has netted approximately \$998,586,595 in global revenue, it remains unclear how much of this figure actually constitutes profit. The Court has already awarded \$16,243,400 per Plaintiff for DMCA violations and \$15,111,254 in actual damages under the Lanham Act. In light of these figures, the Court is satisfied that awarding the statutory minimum of \$750 per work would effectively deter the Defendant and prevent Plaintiff from receiving a windfall. A total of 1,966 works at a rate of \$750 per work totals \$1,474,500.

Thus, the Court grants an award of \$1,474,500 in statutory damages under the Copyright Act.

D. Attorney’s Fees and Costs

Plaintiffs seek an award of reasonable attorney’s fees and costs.

Local Rule 55-3 permits recovery of attorneys’ fees in connection with default judgment where an “applicable statute provides for the recovery of reasonable attorneys’ fees.” L.R. 55-3. Here, the Copyright Act vests the court with discretion to “award a reasonable attorneys’ fee to the prevailing party.” 17 U.S.C. § 505. Local Rule 55-3 sets forth a default judgment fee schedule, but an attorney seeking a fee award in excess of the schedule may file a request with the Court at the time of entry of the

default judgment. Plaintiffs have indicated they will request the full amount of attorneys' fees incurred once default judgment has been entered.

As to costs, the Court grants Plaintiff's costs, the amount of which to be determined by separate application to the Clerk of the Court.

E. Injunctive Relief

Plaintiffs seek a permanent injunction against Defendant enjoining and permanently restraining Defendant from engaging in any infringing activity, including re-transmitting or publicly displaying Plaintiffs' copyrighted works and trademarks without authorization.

The Lanham Act gives the court the power to grant injunctions "according to the principles of equity and upon such terms as the court may deem reasonable, to prevent the violation of any right of the registrant of a mark." 15 U.S.C.A. § 1116(a). "Injunctive relief is the remedy of choice for trademark and unfair competition cases, since there is no adequate remedy at law for the injury caused by a defendant's continuing infringement." *Century 21 Real Estate Corp. v. Sandlin*, 846 F.2d 1175, 1180 (9th Cir. 1988). Additionally, courts have noted that when a defendant is aware of the serious claims brought against him, yet chooses to ignore the lawsuit, "failure to grant the injunction would needlessly expose the Plaintiff to the risk of continuing irreparable harm." *Philip Morris USA, Inc. v. Castworld Prods., Inc.*, 219 F.R.D. 494, 502 (C.D. Cal. 2003).

Section 502 of the Copyright Act vests the Court with the power to grant permanent injunctive relief as it deems reasonable to prevent infringement of copyright. 17 U.S.C. § 502(a). Courts apply a four-factor test when considering whether to award permanent injunctive relief to a prevailing plaintiff in disputes arising under the Copyright Act. *eBay Inc. v. MercExchange, LLC.*, 547 U.S. 388, 391-92 (2006). This test requires a plaintiff to demonstrate that (1) it has suffered irreparable injury; (2) remedies at law are inadequate to compensate for that injury; (3) considering the balance of hardships between the plaintiff and defendant, a remedy in equity is warranted; and (4) the public interest would not be disserved by a permanent injunction. *Id.* at 391.

Here, a permanent injunction against Defendant is warranted under the Lanham Act and the Copyright Act. Plaintiffs allege that they have been injured and will continue to suffer irreparable injury to their business and reputation unless Defendant is restrained by this Court from infringing Plaintiffs' trademarks and copyrights. Plaintiff has no adequate remedy at law. The balance of hardships between Plaintiff and Defendant warrants permanent injunction. Finally, the public interest would not be disserved by a permanent injunction. Thus, this Court grants a permanent injunction enjoining Defendant from re-transmitting or publicly displaying Plaintiffs' copyrighted works and trademarks without authorization. The terms of the permanent injunction shall be consistent with those included in the Judgment concurrently issued with this Order.

Re: Infringement of Programming

To Whom It May Concern:

I am the Senior Vice President, International & Legal Affairs for DISH Network L.L.C. ("DISH"), which is the exclusive satellite provider in the United States of certain copyrighted television programming owned and distributed by China Central Television and its affiliated companies ("CCTV"), and the exclusive satellite and "over the top" provider in the United States of certain copyrighted television programming owned and distributed by Television Broadcasts Limited and its affiliated companies ("TVB"). On behalf of DISH, CCTV and TVB, I am writing to demand that you immediately cease and desist from infringing and/or contributing to the infringement of CCTV and TVB programs.

As you may know, DISH is a leading provider of satellite television programming in the United States, with over 14 million commercial and residential subscribers. In addition to providing programming that originates in the United States, DISH is also proud to provide its U.S. customers with programming that is produced in other countries. This includes television content from CCTV and TVB.

It has come to our attention that CNT manufactures a set-top device known as the "TVpad" and sells the device through a global network of distributors, including distributors in the United States. As you are aware, the TVpad device enables customers to view pirated television programming (played live, time-delayed, and on-demand) from overseas, including pirated television programming from Hong Kong and mainland China. It is our understanding

that CNT makes no payment to DISH, CCTV, TVB or other broadcasters for the use of this content, and neither DISH, CCTV nor TVB has authorized CNT or any other party to make CCTV or TVB content available through the TVpad. The unauthorized reproduction, public performance, display, and distribution of CCTV and TVB content in the United States constitutes copyright infringement under U.S. law.

It is our understanding that CNT is responsible not only for manufacture and sale of the TVpad device, but also for acquiring, reproducing and making available the unauthorized content on the device through an “app store,” by means of applications available through that store, some or all of which may operate on a peer-to-peer basis. In light of the foregoing, we have cause to believe that CNT and/or persons acting in concert with CNT are directly infringing the copyrights in television programming for which DISH, CCTV and/or TVB own exclusive rights, as well as inducing, materially contributing to, and failing to control the blatant infringing activities of others through the TVpad device.

Attached hereto as Exhibit A is a list of applications available on the TVpad app store that provide infringing content and a list of the CCTV and TVB channels transmitted through those applications. Attached hereto as Exhibit B is a representative list of some of the CCTV and TVB programs that are illegally provided by CNT and/or persons acting in concert with CNT. Please be aware, however, that all of the CCTV and TVB television programming accessible through the TVpad by whatever means—whether live, time-delayed, or on-demand—is infringing.

We demand that CNT and any parties acting in concert with CNT, or pursuant to CNT’s direction or control, immediately: **(a) cease and desist providing CCTV and TVB content through the TVpad and its affiliated network; and (b) cease and desist providing the applications listed in Exhibit A, and any similar infringing applications, through the TVpad app store or otherwise.** The continued reproduction, performance, display, and distribution of CCTV and TVB content following receipt of this letter may constitute willful infringement.

We note that CNT has not designated an agent under the Digital Millennium Copyright Act (“DMCA”) for notification of claims of infringement pursuant to Section 512(c) of the DMCA. However, for the avoidance of doubt, in the unlikely event that any of the infringing content delivered through the TVpad app store and the applications available therein is provided by third parties, this letter constitutes notice on behalf of DISH, CCTV and TVB, under 17 U.S.C. § 512(c)(3)(A), that DISH, CCTV and TVB have a good faith belief that the reproduction, performance, display, and distribution of these applications, and the content provided through these applications including the representative programming listed on Exhibit B, is not authorized and infringes the respective rights of DISH, CCTV and TVB in their copyrighted works. We accordingly demand that you remove or disable access to the infringing material. If you fail to do so, you may be liable for damages and injunctive relief. I certify that the information we have provided is accurate and that, under penalty of perjury, I am authorized to act on behalf of DISH, CCTV and TVB, owners of the rights infringed by the above-referenced content.

This letter is without prejudice to any of DISH's, CCTV's or TVB's rights or remedies at law or in equity, all of which are specifically reserved.

Sincerely,

A handwritten signature in black ink, appearing to read "CK", is written over the word "Sincerely,".

Re: Infringement of Programming

To Whom It May Concern:

I am the Senior Vice President, International & Legal Affairs for DISH Network L.L.C. ("DISH"), which is the exclusive satellite provider in the United States of certain copyrighted television programming owned and distributed by China Central Television and its affiliated companies ("CCTV"), and the exclusive satellite and "over the top" provider in the United States of certain copyrighted television programming owned and distributed by Television Broadcasts Limited and its affiliated companies ("TVB"). On behalf of DISH, CCTV and TVB, I am writing to demand that you immediately cease and desist from infringing and/or contributing to the infringement of CCTV and TVB programs.

As you may know, DISH is a leading provider of satellite television programming in the United States, with over 14 million commercial and residential subscribers. In addition to providing programming that originates in the United States, DISH is also proud to provide its U.S. customers with programming that is produced in other countries. This includes television content from CCTV and TVB.

It has come to our attention that CNT manufactures a set-top device known as the "TVpad" and sells the device through a global network of distributors, including distributors in the United States. As you are aware, the TVpad device enables customers to view pirated television programming (played live, time-delayed, and on-demand) from overseas, including pirated television programming from Hong Kong and mainland China. It is our understanding

that CNT makes no payment to DISH, CCTV, TVB or other broadcasters for the use of this content, and neither DISH, CCTV nor TVB has authorized CNT or any other party to make CCTV or TVB content available through the TVpad. The unauthorized reproduction, public performance, display, and distribution of CCTV and TVB content in the United States constitutes copyright infringement under U.S. law.

It is our understanding that CNT is responsible not only for manufacture and sale of the TVpad device, but also for acquiring, reproducing and making available the unauthorized content on the device through an “app store,” by means of applications available through that store, some or all of which may operate on a peer-to-peer basis. In light of the foregoing, we have cause to believe that CNT and/or persons acting in concert with CNT are directly infringing the copyrights in television programming for which DISH, CCTV and/or TVB own exclusive rights, as well as inducing, materially contributing to, and failing to control the blatant infringing activities of others through the TVpad device.

Attached hereto as Exhibit A is a list of applications available on the TVpad app store that provide infringing content and a list of the CCTV and TVB channels transmitted through those applications. Attached hereto as Exhibit B is a representative list of some of the CCTV and TVB programs that are illegally provided by CNT and/or persons acting in concert with CNT. Please be aware, however, that all of the CCTV and TVB television programming accessible through the TVpad by whatever means—whether live, time-delayed, or on-demand—is infringing.

We demand that CNT and any parties acting in concert with CNT, or pursuant to CNT’s direction or control, immediately: **(a) cease and desist providing CCTV and TVB content through the TVpad and its affiliated network; and (b) cease and desist providing the applications listed in Exhibit A, and any similar infringing applications, through the TVpad app store or otherwise.** The continued reproduction, performance, display, and distribution of CCTV and TVB content following receipt of this letter may constitute willful infringement.

We note that CNT has not designated an agent under the Digital Millennium Copyright Act (“DMCA”) for notification of claims of infringement pursuant to Section 512(c) of the DMCA. However, for the avoidance of doubt, in the unlikely event that any of the infringing content delivered through the TVpad app store and the applications available therein is provided by third parties, this letter constitutes notice on behalf of DISH, CCTV and TVB, under 17 U.S.C. § 512(c)(3)(A), that DISH, CCTV and TVB have a good faith belief that the reproduction, performance, display, and distribution of these applications, and the content provided through these applications including the representative programming listed on Exhibit B, is not authorized and infringes the respective rights of DISH, CCTV and TVB in their copyrighted works. We accordingly demand that you remove or disable access to the infringing material. If you fail to do so, you may be liable for damages and injunctive relief. I certify that the information we have provided is accurate and that, under penalty of perjury, I am authorized to act on behalf of DISH, CCTV and TVB, owners of the rights infringed by the above-referenced content.

This letter is without prejudice to any of DISH's, CCTV's or TVB's rights or remedies at law or in equity, all of which are specifically reserved.

Sincerely,

A handwritten signature in black ink, appearing to read "CK", with a long horizontal stroke extending to the right.
